CHAPTER II.

Adventurously

Since the 1920s Bali has haunted the dreams and imagination of Western artists and the well-heeled travelers of the era. At the heart of this fascination is the historical area of Sanur, which remains a peaceful haven, rich in the art and culture for which it is famed. Tucked away in seclusion, *The Pavilions*, Bali is located on the Eastern shoreline, just 30 minutes from the airport and only a stroll away from the beach. There is much to discover in Bali, from its spectacular lush rice terraces, swaying palm trees, majestic volcanic landscapes, to patches of tropical rain forest and beautiful

beaches... from palm fringed white sand to the wilder black sand beaches, with sleepy undisturbed coves in-between. Witness an intense spiritual culture, ancient exotic rituals and many colourful ceremonies at the many village temples around the island. Admire the tradition of skilled arts and crafts. Take some time together to explore this fascinating island and yet still have plenty of private time to enjoy the deep peace of *The Pavilions*. We have created bespoke journeys with a Private Butler to take our guests to the heart of Bali.

Together, through the mystique of Bali

And your favorite dress
Meet me on your own, in the wilderness
Meet me as my lover, as my only friend
Meet me on the river bed*

*I repent of my diets,
the delicious dishes
rejected out of vanity,
as much as I lament
the opportunities
for making love that
I let go by.*
